Energetic? Innovative? Passionate? Work with us and our partners (University of Warwick, Jaguar Land Rover, National Grid and many more) to deliver a skills-based curriculum in a high achieving environment.

We are looking for a different kind of Science teacher who wants to be at the cutting edge of teaching and learning, working differently, alongside employer partners. We are bringing the curriculum to life with an innovative approach using real life business problem-solving skills and embracing business-like learning behaviours.

The second academy in North Solihull opened in September 2016 for two year groups, 10 and 12, and doubled in size in September 2017.

We welcome applications from Science teachers who love their subject, are passionate about education and through a flexible, 'problem solving' approach want to deliver outstanding outcomes for all learners.
