Dear Parent or Carer

We are extremely proud of our schools in Solihull and the efforts they have made to welcome pupils back. However, it has come to our attention that a small number of schools are concerned that their school community are not adhering to the protective measures which schools must put in place.

We are doing well in Solihull and the R rate is dropping - however there are still spikes of higher transmission in some areas and many people who have still not been vaccinated. It is crucial that the school community support their school and continue to socially distance when dropping and collecting pupils. Also adhering to any protocols and processes the school have had to implement to keep everyone in the school community safe. Please support your school.

Yours sincerely

Louise Rees  
**Director of Children's Services and Skills**
